MIAMI NATION STRONGHOLD MATOS

MIAMI MATOS JV, LLC

Building Secure Facilities. Delivering Complex Infrastructure. Supporting the Nation's Mission.

Capability Statement

Miami Matos JV, LLC delivers secure, mission-critical federal construction by combining the acquisition advantages of a Tribally Owned SBA Certified 8(a) firm with the technical expertise of an award-winning federal contractor specializing in complex occupied renovations, laboratories, healthcare, SCIF, and infrastructure projects.

Past Performance

Tinker Air Force Base | Soil Stabilization & Drainage Repair

Delivered a $9.8 million soil stabilization and drainage repair project on the 507th Air Refueling Wing ramp at Tinker Air Force Base.

Tinker Air Force Base | Emergency Renovation

Completed a $7.11 million emergency renovation at Tinker Air Force Base following a water main break.

Fort Polk, Louisiana | Multipurpose Athletic Field

Currently completing a $10.2 million multipurpose athletic field project at Fort Polk, Louisiana.

USACE MRR Portsmouth | Fire Alarm System Replacement

Completed a $5 million fire alarm replacement in an occupied hospital while minimizing operational disruptions.

USACE MRR Portsmouth | Generator Controls Replacement

Completed a $4 million generator controls replacement, using temporary generators to maintain operations.

USACE MRR Quantico | Roof Replacement

Completed a $2 million TPO roof replacement, including sheet metal, coping, and roof drainage connections.

National Institutes of Health (NIH) | Mission-Critical Laboratory Support

Furnished and installed equipment and recertified high-containment laboratories as part of a $30 million project.

Centers for Medicare & Medicaid Services (CMS) | Back on Campus 3

The $22 million project includes a complete renovation of Class A executive office space at CMS headquarters, covering all interior trades and top-floor elevator upgrades.
